Boys don't keep diaries—or do they?

This hilarious book, written as a personal diary that includes the type of cartoons one might expect from a middle grade child, follows antihero Greg Heffley as he moves from one crisis to the next in his bid to become popular and to appear cool.

“Diary of a Wimpy Kid” is about a boy named Greg Heffley. Reading this book, you could travel into his world and find out what life is like for him and get to know him better. You would know about what middle school is like and how it feels to be a middle school student. You would also know what it is like to have really fussy parents who shout and tell you what to do all the time, and you could learn how to deal with an older brother who is a big and mean bully as Greg’s brother is one of his biggest nightmares.

Don’t hesitate now! I am sure you will find this book interesting and fascinating to read. You might also be able to find out similarities between you yourself and the book characters. Go to any libraries to grab the book and read it!
